### Want a Station?

There's plenty of placeholders left up for grabs. Do let me know if you would like a station if I know you well enough, you may be eligible for a place on the map.

There are currently 1609 stations and train stops filed out of 1610. 100 stations remain of which 10 are rail metro stations, 33 are tram stops, 1 is a People Follower stop, 1 is a stop on the Core Funicular and 1 is a stop on the Tigerlake Air Line.

1583 separate people are represented on the map, of which I know 126 personally (most of the rest being famous to some degree).

So far, I have created the new Zafar and Neppel!

### Station Name Colour Codes

Deciding a station name and its placement is a process that takes some time. Once this has been fully decided, a station will be confirmed. Otherwise, stations are colour coded as follows:

- Stations coloured **BLACK** are CONFIRMED stations. This means that the station is extremely unlikely to be moved or re-named.
- Stations coloured **GREEN** are close to confirmation, only a little more time is needed to ponder its location or position.
- Stations coloured **ORANGE** need more time for their confirmation. Likely, this will be stations new to the map in this version.
- Stations names coloured **RED** will be renamed, a placeholder name is in situ. Any name suggestions are very much welcomed.
- Stations names coloured **BLUE** or **PURPLE** are coloured as such for other reasons.
- Stations names coloured **LIGHT** may be removed entirely. This only applies to station names not named after people, to allow for more space. Only in exceptionally rare cases will a person be completely excised from this map.

Stations with the **TR** symbol indicate an interchange with National Rail services. Travellers are accepted on some routes within the SJTA fare zones, though special fares may apply for high speed rail.

Stations with the **HSR** symbol indicate interchanges to High Speed Rail services. Travellers are accepted for more information please visit railjhighspeed.com

Stations with the **TR** symbol are of close proximity to Riverboat piers. More information, including a detailed map of all piers, can be found at saintjacques.ca/riverboats

Stations with the **MF** symbol indicate a bus station in close proximity to Riverboat piers. More information, including a detailed map of all piers, can be found at saintjacques.ca/riverboats

Stations with the **AL** symbol indicate a bus station in close proximity to the Tigerlake Air Line. For more information, please visit valleyferries.ca

Stations with the **FN** symbol indicate a bus station in close proximity to the Funicular. For more information, please visit saintjacques.ca/funicular
